IOWA COLUMBIAN BUILDING.

PREFACE.

For several years the authors of this work have been engaged in breeding thoroughbred stock. During the time the suggestion was frequently made to them by breeders, asking if there could not be some cheap, universal method devised by which all breeders of the State of Iowa might be represented. This volume is in part the result of that suggestion, and in the preparation of this work it has been the aim of the compilers to make a complete advertising medium that may be placed in the reach of the Agriculturist of our country and the whole world. Every portion of this work is in itself a complete advertisement of each individual advertiser, and most of the cuts are from original designs drawn and engraved expressly for it by the advertiser himself.

To adapt the work to all classes of breeders the authors have aimed never to sacrifice anything that could be useful or remunerative to the Agriculturist or any one engaged in the improvement of the stock of our country. The authors have striven, at the cost of much time and money, to combine these two objects: a cheap medium of advertising, and a complete collection of the breeders of the State of Iowa, with what success the public must judge for itself.

DUROC JERSEY HOGS.

This Herd sprang from a small beginning. Our first purchase of the Reds being a Pair of Very Fine Pigs for which we paid Fifty Dollars each. One Hundred Dollars for a Pair of Pigs then was thought to be a big price. We have never regretted the trade; they were the Best Pigs to our notion we have ever seen in the Breed.

THEY PROVED GOOD PROJENITORS.

By co-mingling from year to year the Best Blood to be had, we have now a Large Herd of

Well-Bred, Typical Hogs

That are the Peers of any Herd of Duroc Jerseys East or West. We have had our full share of Prizes at the different Exhibits and have laid the foundation of many of the Best Herds in the Country.

HAVE FOR THE 1893 TRADE, A Large Number of Fine Hogs and Pigs.

We can give satisfaction to anyone wanting first-class Stock either in old or young.

Glad to have visitors to see for themselves; if this cannot be had, write your wants and description of what will suit; if we do not have it we will plainly tell you so; if we have, will make Prices that will be satisfactory.

ARGOT WILKES. It may be regarded as superfluous by hog men, to make extended comments on the pedigree of Argot Wilkes; it tells its own story. Tecumsehs are the popular strains of the day, and of the Tecumsehs the Wilkes blood is at the top. Argot is an inbred Wilkes on the sire's side, and out of Old White Face, the most celebrated and valuable sow that has ever lived (one of her litters sold for \$1,000.) Argot Wilkes is one of her last litter, he thus has more of her blood than his grand sire, George Wilkes.

We expect to make Argot weigh 1,000 pounds.

My herd combines superior individuality and royal breeding, being especially rich in the popular strains of the day. For the trade of '93, I offer the produce of twenty-three sows, bred to four grand, good sires, viz: Argot Wilkes 17543, Mary Vill O. 15513, Black U. S. 2d 21477, Orient 12147. Among our sows I give the first places to Bella H. A. 61412, Moorish Girl 19106, Wilkes' Daughter 65388, Big Trade 65386 and U. S. You Bet 50166.

For heavy weights I challenge America, with the sow, Maud J. 54758, as six of her ancestors averaged 953 pounds. She now has eight pigs by Orient. If possible come and make your own selections, if not, write for what you want. All letters of enquiry will receive prompt and courteous attention.

PROPRIETORS OF THE

LINTON HERD OF

PURE POLAND-CHINA HOGS.

We have been breeding the best strains of Poland-China Hogs for the last seventeen years and can safely say our Herd is *second* to none.

Our herd is composed of such noted sows as Home Queen 29778, bought at T. J. Harris' great sale, last January, 1893; one of the best sows that was sold at that sale. She farrowed six fine pigs sired by the noted boar, Commonwealth 15701; also Oak Dale 50164, half-sister to T. J. Harris' great show sow, Extra Edition 29286, that sold for \$300 at six years old, at his sale last winter. Belle Duchess 55348, bought for a long price at Hamilton & Beyer Bros'. sale in 1891. She was one of the herd that took sweepstakes at the great Indiana District Fair, in 1891; also a number of other noted sows sired by Argot Wilkes 17543 (A), Mary Vill (O) 15513, Black U. S., and a number of other noted boars. So you see our herd is rich in the Corwin and Tecumseh blood.

We have a choice lot of pigs for this season's trade. Personal inspection invited and correspondence solicited. Stock recorded in the American Poland-China Record.

Our herd is headed by **DASHER 2d 17849**; he is a hog far above the average, both in individual merit and breeding. Well marked, straight top and bottom lines, extra hams and shoulders, ribs well sprung, and stand up on good short legs and solid feet. He is assisted by **U. S. Kocomo, Trenton's Finance** and **Dasher 3d**.

The sows in this herd have been selected with great care from the leading herds of the country, and are sired by such noted boars as **Old Tom Corwin 2d, Seldom Seen 2d, Klever Boy, Dasher 3d, Waxwork, Corsair, Corwin King**, and others.

Our aim is to keep the best. We will not ship an inferior pig under any circumstance. Our prices are as reasonable as anyone will furnish the same blood.

Three leading features of this herd are:

1ST BLACK U S 13471 (O)

Has more sons heading leading herds than any boar living. He cost us \$500.00. **Orient 12147 (A)** is the Sire of **Lambing's Choice** that sold at auction for \$500.00, the largest price of any brood sow in America.

Orient's produce of 1891 sold for \$7,068.00, the greatest record of any hog on earth of any breed. No herd in the world can point to two such boars.

We have 150 pigs farrowed from Feb. to Sept. from some of the greatest brood Sows living. More Black U S brood Sows than any one. Our hobby is good heads, feet, finish and extra feeders. Not an animal in the herd down on feet.

PRICES ON PIGS \$25.00 TO \$100.00.

The Great Breeder, leads this Herd. His breeding record is unsurpassed. His pigs won over the best and strongest competition the East could produce, and his Pigs for 1893 attest the fact that he is a breeder without a superior.

He is assisted by **SUCCESS 2d**, he by **SUCCESS (6133)** a half brother to **BLACK U. S.**

BUTLER'S DARKNESS, a first prize winner and noted breeder, and **BLACK U. S. 2d** by **BLACK U. S.**, out of **DAISY BLAINE**, a full brother in blood to **ONE PRICE**, a first prize winner in 1892, a breeder with a great future. His pigs this season are all solid color, excellent back, neck, head and ears, with superb feet and legs.

Sows in Herd 1893 are by

Dandy Wilkes 26839, Success 6133, Success 2d 28007 and Osgood 15167.

All our own breeding, gives us a great advantage in mating over bought stock, where often little is known of their ancestors. Knowing their ancestors thoroughly, we can mate to produce uniform pigs that will reproduce themselves. 250 for 1893, and two fine yearling boars for sale.

OAK HILL STOCK FARM,

HUMBOLDT, IOWA,

JOHN JOHNSON & SONS, Proprietors.

Our Herd contains some of the best bred Aberdeenshire Cattle on American soil, being headed by **KING JAMES 103902**, out of Imp. Spartan Hero; dam Imp. Narcissus. We think there is as much of Cruikshank breeding in the Bull, King James, as any Bull in the United States, and the Cruikshank type is certainly well fixed in him. His dam, Imp. Narcissus, is one of those good heavy-fleshed, deep-milking, Scotch matrons, and expert judges of Short-Horns consider her the best Cruikshank Cow in America.

In our Herd you will find Imp. CLOVER FLOWER, bred by A. Cruikshank, being one of the two heifers reserved for Col. W. A. Harris, of Linwood, Kansas, at the time of Mr. Cruikshank's dispersion sale; Imp. Sweetbrier 7th, sired by William of Orange, the bull lately purchased by Wm. Dutton, to head the Collynie Herd; Imp. 33 Duchess of Gloster, Imp. Gardenia, Andromeda, who is of the same breeding as Field Marshal, the Champion Bull of England; Starlight, whose dam was sired by Commander, one of the best Bulls ever used by Amos Cruikshank; three cows of the celebrated Victoria family, representatives of the Nonpariels, Georgianas, Constances, and many others of equal breeding.

POLAND - CHINA SWINE

This herd is made up from the tops of the best herds in Iowa and Illinois. **Harris' Best** heads this herd with **Orient 2d**; **Harris' Best**, a son of that noted Sire and Dam, **Jumbo 15655** and **Extra Edition 29286**, owned by T. J. Harris, West Liberty, Iowa, raised for this season's trade 140 pigs. They are large, growthy pigs with extra bone, finish and breeding. **Harris' Best** has never taken anything but first premium and took the grand Sweepstakes over all breeds at the Inter State Fair at La Crosse last fall. Stock are all recorded in the A. P. C. R. Prices reasonable. Call and examine herd, or write and describe what you want.

CLOVER LAWN FARM,

THE HOME OF THE NOTED
STRAWBERRY POINT HERD OF
POLAND - CHINA HOGS,
MAMMOTH BRONZE TURKEYS, TOLLWS GESE.

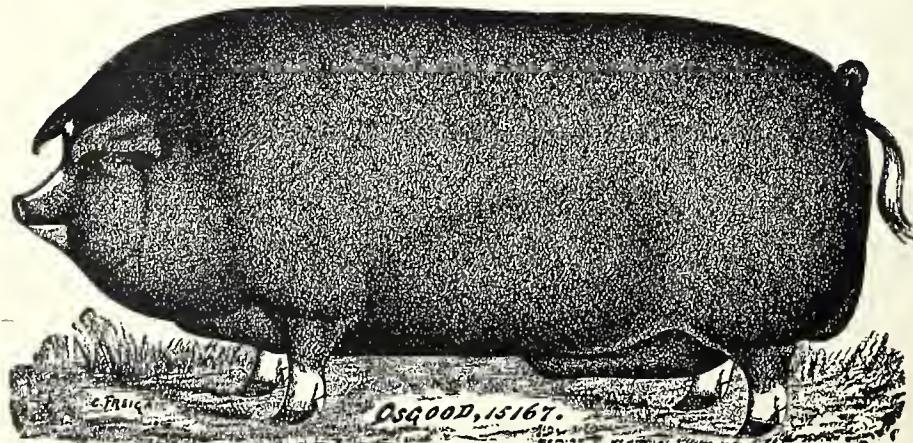

We are in the swim and here to stay. In 1889, 1891 and 1892 we won more prizes than all our competitors combined. Clover Lawn is the home of **Free Coinage 17241**. Several experts have made the remark that he is a better hog than his Sire **Free Trade 15729**. I have always aimed for as great size as is always consistent with lots of finish.

MINERAL SPRINGS HERD

—OF—

POLAND - CHINA SWINE,

Is certainly one of the Leading Herds in the country. In regard to numbers, individual merit and pedigree, this Herd has but few equals and no superiors.

Our Herd Boars are all selected regardless of price.

BLACK WILKES 26609,

is not only a boar of great quality, but is believed to be the largest Wilkes Boar living and is one of the last litter from the famous old Sow "Whiteface." The other Boars now in Herd are

Star Wilkes 9433, Grand Elector 19719, Oxford Duke 27663.

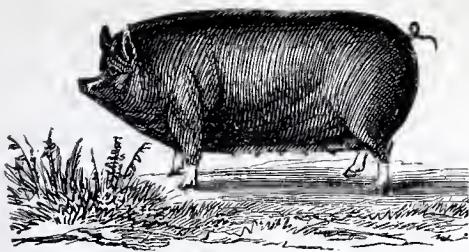

It will be seen at once that all of these Boars are of superior breeding, and as individuals they are hard to beat.

Our sows are too numerous to mention separately, but our selection of Brood Sows has been equally careful and we trust we can have a share of your patronage.

We invite you to come and inspect the Herd. Correspondence promptly answered. Address

JAMES M. PIERCE,
BUSINESS MGR.

HENRY WALLACE,
EDITOR.

THE HOMESTEAD is devoted to the interests of the Farmers, Stock Breeders, Fruit Growers and all agriculturists of the West and Northwest, and is especially adapted to the needs of those who reside in the great prairie states. It aims to meet the demand of Western farmers by making its columns a mirror of Western ideas and Western experiences. Its ambition is to represent as a farmers' journal the best thought and the most advanced methods in agriculture in the great prairie states of Iowa, Minnesota, Dakota, Wisconsin, Nebraska, Kansas and Missouri. The paper not only discusses the best methods of farm, live-stock and orchard work, but it goes beyond these and invites discussion of those equally important questions affecting production, distribution and consumption in their economic aspect, which more or less affect the pocket book of every farmer in the Northwest. The large circulation of the HOMESTEAD and its marked success attest its great practical value to its readers.

Single Subscription—One year, \$1; ten copies one year, \$10 and an extra copy to getter up of club. No special authority is needed to make up clubs. Specimen copies mailed *free* on application to those who will make up clubs.
